Going Mobile

- ④ Do you get your students to use their mobile devices for language learning? How?
- ④ Should devices be used in class, out of class, or both? Why?
- ④ What are the main challenges with students using devices?

We've got it!

In your group, share a photo of:

- a pet
- a grandparent, parent or child
- a good friend
- a celebration
- a holiday photo
- a photo of you doing a sport
- a selfie

Ask one question about each photo

Create your QR code for free

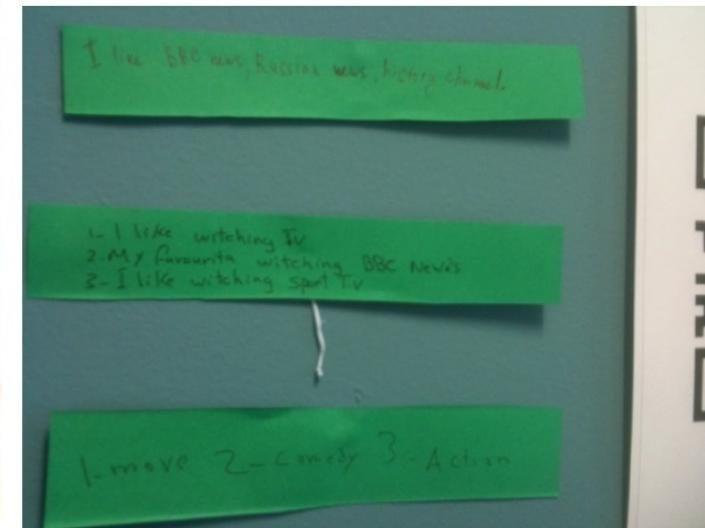

The image shows a screenshot of a QR code generator website. At the top, there is a navigation bar with various options: URL, VCard, Text (which is circled in red), E-mail, SMS, Facebook, PDF, MP3, App stores, Images, and Multi URL. Below the navigation bar, there is a section labeled 'Free text' containing a text input field with the placeholder 'If you are enjoying this workshop, stand up and shout \'Yeah!\''. To the right of this section is a large QR code. Below the QR code, there are download links for 'JPG | EPS | SVG' and a 'Download' button. A small circular icon in the top right corner says 'With logo?'. At the bottom left, there is a green button labeled 'Create QR code' with a circular arrow icon.
